EXODUS OF VOTERS BEGUN—THOUSANDS OF TEMPORARY RESIDENTS IN CAPITAL LEAVE FOR HOMES.

Washington, November 3.—The quadrennial exodus of voters temporarily resident in Washington has begun. Every outbound train carries them, and railroad agents conservatively estimated today that more than 3,000 voters' tickets had been sold during the past few days, with many of these, who live nearby, still to be provided for. Among these voters are Government clerks and officials, both Democratic and Republican. Some have been living and working in Washington for years, but still cling to their right to cast a ballot in their home districts at least once every four years.

BUSHELS OF FLIES

The championship in the fly contest, inaugurated at West Union, last June, when health officer, W. E. Kincaid, announced a reward of \$5.00 to the West Union resident able to produce the greatest number of fly scapels at the close of the open season for flies, was on Wednesday morning of this week awarded to Miss Opal Jones, who produced 43 pints—dry measure—of the dead bodies of the victims of her fly catching activities. Mrs. C. A. Trotter was second with 41 pints to her credit. A total of 384 pints—six bushels, stroke measure—were turned over to the health officer during the contest.

GARDNER THIRTY-FOUR YEARS OLD

(Mt. Olive Tribune-Democrat.)
One often hears the expression, "old goose," but few people know to what age the goose lives. David Douglas, a well-to-do farmer, who owns a good farm lying in Mason and Robertson counties, near Sardis, has a gamester that has broken the record for longevity. It was hatched thirty-four years ago the past summer and is still healthy and active.

UNDERWOOD TARIFF IS HOSTILE TO THE FARMERS' INTERESTS

Union Leader Asks Congress to
Get Back to the Soil—
With Protection

Would Raise Plow to the Level of
the Factory.

Henry N. Pope, president of the Association of State Farmers' Union Presidents, has issued a statement in pamphlet form to members of the union pointing out discriminations in the Underwood tariff against the agricultural interests favoring protection on all farm products and demanding a revision of the tariff so that the farmers will not be compelled to sell in a free market and buy in a protected one. In discussing the subject the head of the union said: "The effect of the Underwood tariff acts to protect capital and labor engaged in manufacturing and to expose to world competition capital and labor engaged in production. It is perhaps the most antagonistic expression congress ever made toward the agricultural interests of this nation, and had not the European war arrested its operation, would have

wrought disaster to the farmers of the country. This tariff gives a protection of approximately six billion dollars per annum to capital and labor engaged in manufacturing, but gives no protection to the farms. When released from war influences this tariff will reduce the selling price of farm products approximately a billion dollars per annum. It brings capital and labor employed on the farm in direct compe-

tion with free lands in primitive countries and compels the farmer to compete with wild men who live in trees and caves and raise their children in nakedness and ignorance. The only purpose and the only result of taking agricultural products off the protected and placing them on the free list was to reduce the price. The act was therefore deliberately unfriendly to the farmers of the nation. The next session of congress should revise the tariff and get back to the soil with protection. Giving to the plow the same friendly consideration that is now given to the factory.

BOTH SIDES CONFIDENT—RIVAL PARTY MANAGERS IN CHICAGO PREDICT VICTORY TUESDAY

Chicago, November 3.—Managers of the Republican and the Democratic Western headquarters here each expressed today confidence that his party would be victorious in next Tuesday's election.

Alvin T. Hert, Republican manager, announced that final reports from states in his jurisdiction were more favorable than any yet received. Re-

publican leaders today claimed Wisconsin, Indiana, Illinois, Ohio, North and South Dakota, Minnesota, Idaho, and even Missouri and Kentucky as certain for Hughes and Fairbanks. Senator Thomas J. Walsh, Democratic Western manager, issued a statement declaring Democratic prospects never were brighter. The statement said final reports indicated every Western state claimed by the Republicans is either reasonably safe for President Wilson or doubtful. Democrats will close their campaign in Chicago tomorrow with a mass meeting for business men and rallies for men and women in every section of the city. Republicans will end their fight with noon meetings at hundreds of factories, rallies for women in each Congressional district, and a torchlight made through the down-town streets at night. Every grocery store has its customers who order POSTUM regularly instead of coffee.

They are former coffee drinkers who, for health's sake, changed their table drink.

If you suspect that coffee contributes to your discomfort or illness, ask the grocer for the names of several POSTUM users in your neighborhood; get in touch with them and hear their story.

Or, secure a tin of INSTANT POSTUM and try it on the family table for ten days instead of coffee.
